ICE Nazis Kidnap Episcopal Priest's Daughter, Release Her, Probably Are Mad She Didn't Say 'Thank You'

Screengrab from video by independent journalist [Sandi Bachom](#)

Wow, Kristi Noem and Tom Homan's roided-out mouthbreather Gestapo just keeps outdoing itself. What do we have today? Will they find another gay hairdresser with ["mom" and "dad" tattoos](#) for some inbred illiterate border agent to misinterpret as "gang"? Did Donald Trump and Stephen Miller issue orders to human traffic him to the Salvadoran torture prison so the guards have [somebody new to rape?](#) (Maybe they moved Ghislaine to Texas because ICE found a new job for her.)

Or maybe it'll be another [beloved professional soccer player](#). Or another high school junior who was [supposed to play in the band](#) at the seniors' graduation the day after the Nazis took him. [Or another mommy](#) in southern Missouri who's beloved by her community of 85 percent MAGA. Or some more college students who wrote op-eds Stupid Hitler's regime didn't like.

Oh! An Episcopal priest's daughter! We haven't done that one yet! That's a new one!

To skip to the spoiler alert, the person we're about to talk about, the Trump Nazis' latest victim, was actually released in a *relatively* short amount of time compared to other ICE victims, though not so short that they couldn't kidnap the girl and disappear her to Trump's Nazi Pigfuck Gulag in the "Baja Arkansas" section of Louisiana. ([That'd be the part](#) that's more associated with "Duck Dynasty," meth, and Southern Baptist perverts like Speaker Mike Johnson, less with food and culture.)

But oh, this is some fucked up shit.

As is so often the case with these lazy pigs, it went down at a totally legal immigrant person's immigration check-in, we reckon because if most of Tom Homan's Proud Boys have to exert themselves too much their diabeetus will flare up. (Also presumably why they favor being reverse greeters checking people's receipts on their way out of Home Depot.)

[Go Yeon-soo](#) (stylized in American media as Yeonsoo Go, but regardless, her friends and family call her "Soo") is a 20-year-old Korean student at Purdue University in Indiana, but she was in New York going to a visa hearing [when she was forcibly kidnapped by evil men](#).

You see, Soo had what's called an R-2 visa, which is for people who are here as dependents of religious workers. That's because Soo's mom is the Reverend Kim Ky-rie — in American media as "Kyrie Kim" — the first woman to be ordained as a priest by the Seoul Diocese of the Anglican Church of Korea. So she's kind of a big deal. ([She's here](#) on an R-1 visa, which is for the religious workers themselves.) The reverend had been recruited to the US to work in Asian ministries with the Episcopal Diocese of New York in 2021, bringing her then-high-school-aged daughter along with her, as parents often do when they move across the world. Soo graduated from high school with honors in Scarsdale. Then she went to Purdue's College of Pharmacy. Now it was time to get that R-2 visa switched to a student visa.

Tricia McLaughlin, the vile, reprobate DHS Nazi Barbie who always gets trotted out to lie about shit like this, [explained](#) that "Yeonsoo Go, an illegal alien from South Korea, overstayed her visa that expired more than two years ago," The Episcopal Diocese's lawyers likewise explained that *fuck you, asshole*, her visa was and is good until December, and add that DHS hasn't shown them anything that suggests that reality is any different.

Who to believe? The interchangeable Nazi blonde or literally everyone else?

It is always such a conundrum.

So why did they release Soo after five days? They aren't saying, but it could have something to do with the fact that it was just another monumental fuckup from the dumpster fire of fuckups that make up the Trump regime's grunting Gestapo of walking restraining orders.

[Soo had been nervous about](#) going to her hearing, because these Nazis have been in the news. She was correct to feel that way. But it turns out when you kidnap the innocent daughter of a respected Episcopal Priest in New York City who's also loved and respected in her home diocese and country of South Korea, *people get fucking pissed*.

And they did. People in New York protested, people in Korea protested, both dioceses were raising hell. "Supporters from the Episcopal Diocese of New York, the Interfaith Center of New York and the New York Immigration Coalition called for Go's release during a gathering in Manhattan's Federal Plaza Saturday." Reports suggest that at that very moment, the masked invaders were in the process of transporting their latest captive across state lines to Pigfuck Bayou.

Notably, this is [not the first time](#) the Episcopal church has [had to lose its shit](#) at the Trump administration, just the first time the regime has personally kidnapped one of their clergy's children.
