Mike Lee Is A Real Piece Of Sh*t

Well, folks, they [caught the motherfucker](#). We don't know exactly what took so long to find the Christian nationalist [anti-abortion activist](#) Trump supporter who impersonated a cop and assassinated Democrats in Minneapolis on Friday night, with plans to target many more, but they caught him. Maybe they were just looking the wrong places? We would have checked Republican politicians' houses first, but that's just us.

Anyway, they found him in a field.

Again, who this guy Vance Boelter is, it's not shrouded in mystery, and it's been out in the open from the beginning. *He's one of them*. He's just a typical Republican voter who decided to assassinate some Democrats. You'd think MAGA would be proud of what it's wrought. And some of them are, to be sure.

But then there are piece of dogshit Republican senators like Mike Lee who have been lying since the beginning.

Why so ashamed, bud?

You'd think [considering Mike Lee's extremist record](#), he might already be lobbying Donald Trump for any extra pardons he's got lying around for Boelter.

Vance Boelter [is a registered Republican](#). He's an [anti-gay, anti-abortion pig](#). He's a conservative Christian preacher. Basically all the red flag characteristics that say "Here's a guy you shouldn't leave your kids alone with," but that MAGA Americans find godly and manly. Again, why is Mike Lee so ashamed? He has a lot in common with this guy! Surprised they aren't taking up a collection for this guy's legal defense in Mike Lee's church. He just reminds us so much of Mike Lee (or any other white Republican loser, they really do all look alike).

As Tim Miller from The Bulwark [notes](#), a bunch of Republicans and MAGA conservatives have taken this tack, instead of embracing this guy who is just like them in so many important ways. Elon Musk, Charlie Kirk, Mike Cernovich, they've all lied about Boelter. Previously (?) [Kremlin-funded](#) weirdo Benny Johnson [claimed](#) Boelter was a "left-wing Tim Walz appointee." Today [Benny is rambling](#) about how the murders are a "leftist false flag." Also something about "I'm sorry, but these are the same agencies that brought you the Whitmer Fednapping, that brought you January 6, that brought you the Epstein cases, that brought you Ghislaine Maxwell. These are the same people. These are the same people."

Uhhhh okeydoke. We guess Kash Patel and Pam Bondi are now card-carrying members of the Deep State voices in Benny Johnson's head community.

Musk tweeted that "the far left is murderously violent." Laura Loomer said that "Walz's goons are now assassinating lawmakers who support legislation Walz opposes." (There's a whole conspiracy theory they made up surrounding this that involves healthcare legislation in Minnesota, it's too stupid to type, but [you can read it if you want](#).)

[How Did Evil Russians Manage To Fool Dave Rubin, Tim Pool, AND Benny Johnson? Wow!](#)
