Meet The Blockheaded Degenerate Trump Just Picked To Replace Tulsi Gabbard As DNI

In this time of idiocracy, Donald Trump has replaced Tulsi Gabbard, the [clownfuckingly incompetent](#) former director of national intelligence with a soft spot for dictators, with Bill Pulte, the blockheaded golden boy construction heir who runs the Federal Housing Finance Agency and chairs Fannie Mae and Freddie Mac. He will reportedly continue to serve in those roles as he oversees, in an acting capacity, the intelligence apparatus of what until recently was the greatest superpower in world history. He, of course, has no intelligence experience.

Haha, nothing matters anymore.

Bill Pulte is a stupid man's idea of a stupid man. This is the mouthbreathing dipshit who's been pulling things out of the dump section of his underpants and telling Trump officials they're evidence of "mortgage fraud" committed by whichever Democrat Donald Trump is mad at that day. Careful readers will note that nobody has actually been successfully prosecuted for "mortgage fraud." (Also might remember that the thing he said those people did with their mortgages, his own father and stepmother also [did with their mortgage](#). Again, *fucking* dipshit.)

This is a man whose absolute incompetence [has frustrated](#) even now-acting Attorney General Todd Blanche. Back in the fall, it was reported that Blanche wanted former moron "weaponization" czar Ed Martin and Pulte investigated for misconduct in their investigations into Trump's political enemies, how they had completely fumblefucked the politically motivated mortgage fraud probes into, among others, Federal Reserve Governor Lisa Cook, Fulton County DA Fani Willis, New York state Attorney General Letitia James and Senator Adam Schiff.

And Todd Blanche is a pretty incompetent Trump butt-sniffer himself! So if *Todd Blanche* thinks you are a complete buffoon, what does that say about you?

To Donald Trump, it says you should be the nation's next DNI!

[Wonkette \\$ machine!](#)

Articles abound about what a dangerous and stupid choice Pulte is (it's a good third of tomorrow's Tabs!), and many of them note that lots of Republicans think this is a deranged pick. Thom Tillis, the retiring Republican senator from North Carolina, [said on CNBC](#) that Pulte is a mere "incendiary attack dog," and that "I don't think he has a prayer" of actually being confirmed by the Senate for the permanent role.

"Whoever told the president to go ahead and commit to this publicly before vetting it should lose their jobs, because they should know that the math just works against Pulte being confirmed," said Tillis. "I'm tired of amateur hour," also said Tillis.

And more:

“I don’t believe he’s ever had a security clearance. He clearly has no experience in intelligence, he has no geopolitical experience, no international connections — the sorts of things you would look for” in a DNI, Tillis said.

Bill Cassidy said he doesn’t think Pulte is “competent” for the role. “The Senate doesn’t have any role to play in terms of confirming acting officials, but I see no evidence of any qualifications for that job,” [says John Cornyn](#).

But it’s not just Republican senators with a foot out the door who are speaking up against Pulte. Lisa Murkowski said, “I’m not familiar that there is anything in his background that would qualify [him] as one who would be the head of our national intelligence. I know what he has been doing in the housing sector. I’m not so familiar with why the president would have selected him.” Susan Collins is concerned ... about whether he even has a security clearance.

Senate Majority Leader John Thune told reporters Tuesday, “We don’t need a weaponized DNI, we need professionals there.” Bad news about the entire Trump regime, John.

(Cowardly milquetoast men like Tom Cotton were, of course, [afraid to speak up](#) against Pulte.)

It’s not like everybody in the regime even likes the dude. This is, after all, the guy Treasury Secretary Scott Bessent [famously threatened](#) at the opening of the Executive Branch club in Georgetown to “punch you in your fucking face,” and offered to take it outside so he could “fucking beat your ass.” (Many House Republicans were reportedly [very much on Bessent’s side](#) in that squabble. As we said, Pulte is not well-liked.)

But apparently Pulte is close with Commerce Secretary Howard Nutlick, which would put him squarely on the Epstein-protecting side of the administration, so that’s gotta be a plus.

And Pulte is a [committed bootlicker](#), as most MAGA men with heads shaped like that are, and Trump thinks he’s a pit bull, and Trump gets tingles in his scaly inner thighs for men he thinks are pit bulls. And he’s just full of stupid ideas he thinks are big, good ideas, just like his boss. [For example:](#)

Most embarrassingly, he reportedly [sold Trump on 50-year mortgages](#) at the president’s golf club [via a posterboard](#) that was shockingly devoid of any information. The [backlash from congressional Republicans](#) (and anyone with any knowledge of housing policy) was swift, leading Trump to back down from the idea.

Also, who showed Trump [that Doctor Jesus meme](#) that got Trump in so much trouble when he posted it? [This fucking degen](#).
