Trump Tested For Camel-Identification Dementia Every Doctor Visit Now, We Guess

Trump Tested For Camel-Identification Dementia Every Doctor Visit Now, We Guess

Ready for his by-myself birthday party! Screenshot from one of the times President Dementia Toddler has gotten to wear a special cowboy hat this year.

They really have him convinced that the [dementia tests](#) he's seemingly required to [take at every doctor's visit now are IQ tests](#), and that they're giving them to him because they're so impressed with his intelligence. It's the gold-plated dimwit dementia tyrant version of hiding a dog's pill in a fucking hot dog.

Donald J. Trump

@realDonaldTrump

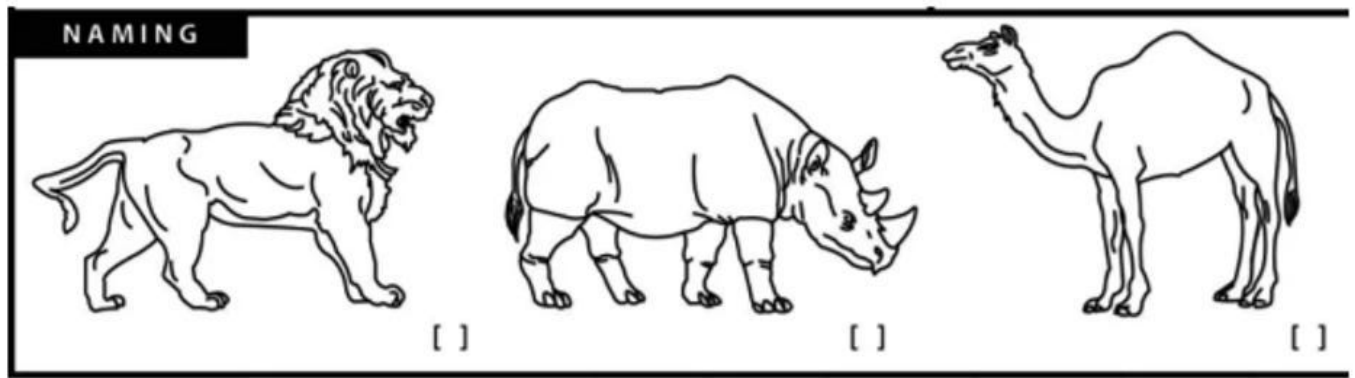

The results of my Physical Examination, taken at Walter Reed Military Medical Center, and just released, were extremely good. Unlike other U.S. Presidents, none of whom have ever taken an approved, high difficulty, Cognitive Test, I scored a perfect 30 out of 30, considered "extreme intelligence." Are the Dumocrats really surprised? In fact, this is my fourth such test, all PERFECT or, 120 correct answers out of 120 questions asked! It is very rare that anyone gets a Perfect Score, especially when achieved four times in a row. All people running for President and Vice President should be forced to take high difficulty Cognitive Tests. Congress, and the Dumocrats, should demand it! President DONALD J. TRUMP

Here's dipshit:

The results of my Physical Examination, taken at Walter Reed Military Medical Center, and just released, were extremely good. Unlike other U.S. Presidents, none of whom have ever taken an approved, high difficulty, Cognitive Test,

How many lies have they told him about the same exact dementia test every dementia patient takes? "Approved"? By whom? Have they told him it's been "approved" by a team of experts who think his brain is a very good brain?

"High difficulty"?

He continued:

I scored a perfect 30 out of 30, considered 'extreme intelligence.'

It is not.

"Are the Dumocrats really surprised? In fact, this is my fourth such test, all PERFECT or, 120 correct answers out of 120 questions asked! It is very rare that anyone gets a Perfect Score, especially when achieved four times in a row.

It is very rare that people are required to take four dementia tests in a row, unless they have severe and rapidly advancing dementia. And if they are lying to him and telling him it's a smart guy test, they're probably also lying to him and telling him he's perfectly picked out "camel" *every time*.

"All people running for President and Vice President should be forced to take high difficulty Cognitive Tests. Congress, and the Dumocrats, should demand it!"

OK.

Wow. All of this is just wow.

We may have another whole entire piece today on the mean judge that just ordered Trump's name to be taken off the Kennedy Center, and the nuclear weapons-grade temper tantrum Trump is having in his panties about it — HE DIDN'T WANT IT ANYWAY! — but on top of the AI slop posting sprees Grandpa Dementia has been having this weekend, the Kennedy Center tantrum was a true cherry on top:

Donald J. Trump

@realDonaldTrump

The DronePort at the White House Ballroom will be, perhaps, the most sophisticated anywhere in the World! It will safeguard our Nation's Capital, Washington, D.C., long into the future. Judge Richard Leon should stop playing games with America's Security! If anything happens, he will be held responsible for the Death and Destruction caused to our Country. He has already created enough problems by allowing "Top Secret" information to be released and exposed based on a ridiculous lawsuit started by a highly litigious woman (serial plaintiff!) whose "strolling," in her opinion, will be disturbed by the new, desperately needed structure – In any event, a woman who has absolutely no **STANDING!** With the advent of highly sophisticated, and powerful, modern day weaponry, we can no longer defend Washington, D.C., with rifles and pistols, alone. This ridiculous lawsuit must be dismissed, **IMMEDIATELY!** President **DONALD J. TRUMP**

DronePort

DronePort

“DronePort.”

Because Trump needs to drone people from the White House roof. Can't defend the entire city of DC with “rifles and pistols” anymore. Not to mention muskets, we bet! You know, the guns that existed when President Old Balls was born.

This is also the man who spent his weekend having weapons-grade panty tantrums about all the artists pulling out of the Great American Hitler Hootenanny State Fair, now announcing that he, the most mocked and hated loser God ever expelled from His holy back door, will headline the Hitler Hootenanny.

Donald J. Trump

@realDonaldTrump

I understand Artists are getting “the yips” having to do with their performance on Wednesday, so I am thinking about bringing the Number One Attraction anywhere in the World, the man who gets much larger audiences than Elvis in his prime, and he does so without a guitar, the man who loves our Country more than anyone else, and the man who some say is the Greatest President in History (THE GOAT!), DONALD J. TRUMP, to take the place of these highly paid, Third Rate “Artists,” and give a major speech, rallying the Country forward like I have done ever since being President! Two years ago, the United States was DEAD. Now we have the “HOTTEST” Country anywhere in the World. I don’t want so-called “Artists” that get paid far too much money, who aren’t happy. I only want to be surrounded by Happy People, Smart People, Successful People, and People that know how to WIN. So, by copy of this TRUTH, I am ordering my Representatives to look at the feasibility of doing an AMERICA IS BACK Rally on Wednesday, Washington, D.C., same time, same location. Only Great Patriots invited — It will be a Wild and Beautiful Celebration of America! President DONALD J. TRUMP

“The yips” ... does not mean what Donald Trump apparently thinks it means. These artists are not nervous. They are not experiencing a sudden mental disconnect that’s not allowing them to perform their art. It’s not like Simone Biles [getting the twisties](#). They simply don’t want to be associated with an event and president that are less popular and (we’ve heard) smell worse than prolapsed anal warts.

But Trump thinks he’s Elvis, even without a guitar. And he thinks America *isn’t* the laughingstock of the world now, for all manner of reasons related to the failures of his leadership.

SO, BY COPY OF THIS TRUTH — that’s a thing he types, he who says his dementia test revealed extreme intelligence, he who takes dementia tests every time he goes to the doctor, probably even when he [goes to the cankle dentist](#) — he hereby demands that the concert where all the artists canceled their appearances to be canceled, because ACTUALLY IT’LL BE MUCH BETTER AND HOTTER AND MORE EXCITING *THIS* WAY, this is really what he wanted in the first place, and really, it’s a lot easier that nobody came to his birthday party, because that means all the cake is FOR HIM.

Maybe he can show the four mouthbreathers, incels and child rapists who show up to his replacement Stupid Hitler rally how good he is at identifying “camel.” Just put up a projector and let Grandpa show off.
