Trump And Lindsey Graham Having Tantrums At NATO Allies, Nobody Will Help Them Bomb Iran!

Donald Trump is so mad. Nobody wants to help him and Secretary of WAR! Peter Shitfaced bomb the shit out of Iran, even though Peter Shitfaced [is now telling](#) "sir" stories (means they're a lie, clearly he's thirstily [emulating Daddy](#)) about troops begging him for bigger bombs. Nobody, that is, except Benjamin Netanyahu, and that's the genocidal bastard who ordered Trump to do it in the first place.

Consider how these headlines have rolled out this week:

[Spain announces](#) that it's closing airspace to US military planes bombing little girls in Iran. This comes after an earlier announcement that the US couldn't use the Morón and Rota bases in southern Spain as a staging ground for Hegseth to work out his masculinity issues. White House huffily responds that *they ain't need Spain anyway*.

They can't use Sicily either, which is closer to Iran, geographically. Last week, the Italian government reportedly said there was no room at the inn on its Sigonella base in Sicily for US war planes itching to explode Iranian schoolchildren and wouldn't let them land there. Reason? Well, they *hadn't actually asked*. They are supposed to ask before they just land their planes all over Sicilian air bases.

And Italian Prime Minister Giorgia Meloni *loves* Trump, so that's gotta chap his ass.

This latest one was reported by the chapped ass himself, probably as he grunted atop his golden throne during one of what we imagine are the 11 or 18 shits he takes each morning:

Donald J. Trump

The Country of France wouldn't let planes headed to Israel, loaded up with military supplies, fly over French territory. France has been VERY UNHELPFUL with respect to the "Butcher of Iran," who has been successfully eliminated! The U.S.A. will REMEMBER!!! President DJT

"The Country of France wouldn't let planes headed to Israel, loaded up with military supplies, fly over French territory," he whined, about the "Country of France." He went on to bitch that "France has been VERY UNHELPFUL with respect to the 'Butcher of Iran,' who has been successfully eliminated!" (And replaced with the butcher's butcher-y son.)

"The U.S.A. will REMEMBER!!!" signed President Sundowner.

That came after this meltdown, an hour before:

Donald J. Trump

All of those countries that can't get jet fuel because of the Strait of Hormuz, like the United Kingdom, which refused to get involved in the decapitation of Iran, I have a suggestion for you: Number 1, buy from the U.S., we have plenty, and Number 2, build up some delayed courage, go to the Strait, and just TAKE IT. You'll have to start learning how to fight for yourself, the U.S.A. won't be there to help you anymore, just like you weren't there for us. Iran has been, essentially, decimated. The hard part is done. Go get your own oil! President DJT

LOL.

"You weren't there for us."

Trump has been [whining and whining and whining](#) about NATO countries refusing to join his "Butcher of the United States" operation, because A) he's a whiny little bitch and B) he's too stupid to understand that the whole Article 5 thing is about *defense* and applies to when members nations are *attacked*. It doesn't state that if bloodthirsty boys with daddy issues like Trump, Peter Shitfaced, and Lindsey Graham want to start a war, all member nations must comply and enthusiastically participate.

(And all the complaining he does about NATO not showing up for us, he clearly doesn't know that the [only time Article 5 has ever been invoked](#), it was done *for the United States*, after 9/11. But we guess Trump was too busy [jerking himself to fantasies](#) about having the tallest building in lower Manhattan in the days immediately after.)

So that's one meltdown.

And then since we invoked his name, there is Lindsey Graham, who's been walking around Walt Disney World with his warboner sticking out, right where schoolchildren can see him. Also with a bubble wand, as you can see in [this picture shared by TMZ](#):

That's right. Lindsey played with a bubble wand and he [rode Space Mountain](#) and then he [went shooting](#) (like a MAN!), and somewhere in there he found time to absolutely queen out at Spain on Twitter, demanding Trump put sanctions on the United States's NATO ally for daring to have a different opinion on the wisdom of sucking Benjamin Netanyahu's war cock in Iran.

He posted this right after he cut everyone in line at Space Mountain.

I would highly encourage President Trump to not let the Spanish government's decision to restrict their air space to the U.S. military go unanswered.

Spain clearly doesn't understand the importance of degrading the largest state sponsor of terrorism that has wreaked havoc on the world since 1979. I will gladly work with anyone to impose sanctions on Spain for this outrage.

I would again recommend to President Trump that we close U.S. air bases in Spain and relocate to a country that allows these assets to be used to protect America and the world. The sooner this is done, the better.
