Secretary Sh*tfaced Might Want To Be GOVERNOR Sh*tfaced?

Is Tennessee inbred enough to elect this man? (Yes.)

Good morning, and warmest regards to all those who have made a national pastime out of following around Pete Hegseth, AKA Secretary Shitfaced, to find out all the things he's doing to take the US military from being the most impressive, fearsome fighting force in the world, and replacing it with this sensitive drunk bitch who used to be a preening Fox News host.

It is a very important national pastime in the ongoing crumbling of what was once a great empire, but under Donald Trump's pedo-authoritarian presidency, might not even qualify as a real country anymore. (Real countries do not confirm [this guy](#) to lifetime judgeships.)

[It's been five full days](#) since our latest episode of "Secretary Shitfaced Drives A Tank Into It!" but SCREEEEEEEEEEEECH!

What's that?

[NBC News](#) has a report that Secretary Shitfaced might not actually want to continue being Secretary Shitfaced that much longer? Is he going to fuck off to hell and ride a bar cart off into the sunset? No, he wants to run for political office in Tennessee, where he lives outside Nashville, specifically perhaps for *governor*, and *next year*. And we would laugh, except Tennessee has never met a syphilitic dumbass fascist it wasn't more than keen to elect. (And now, thanks to Tennessee's current halfwit MAGA dipshit governor Bill Lee, Nashville is allegedly going to be home to [Elon Musk's latest inescapable tunnel from hell](#). Good luck coming out the other side alive if a fire breaks out while you're inside!)

NBC News has two sources who say Shitfaced has been talking about this, and one says it was very recent, by which we mean in the last three weeks, and very serious. The other source said he was serious too, just didn't specify when they heard him babbling about this at the end of the bar.

Does DADDY know? And by DADDY, we mean the man Shitfaced sits next to in Cabinet meetings and slobbers and begs for approval, like the little fuckup boy he is.

Does Daddy know? Daddy might get very upset. Somebody go tell Daddy!

NBC News reports that there are a number of issues that might stand in Hegseth's way of stumblefucking in a straight line all the way to the governor's mansion, as if rules matter in collapsing authoritarian shitholes. For instance, the currently serving Defense secretary is not allowed to run for office at the same time, not that this lazy bitch is doing anything besides [fighting the culture wars](#) that trigger his delicate weenus.
